

89MXA

Compact Workshop Inflator

The MXA model is purpose-built for workshop tyre machines, offering safe, accurate, and reliable inflation while enhancing your professional image. Compact and lightweight, it's a modern upgrade from traditional mechanical gauges. It operates in PSI or kPa and features a 'Flat Tyre Only' button for tyres under 3 PSI/20 kPa. It also includes over-pressure and nitrogen purging functions, with optional compatibility with a Core Removal Tool for faster inflation.

Features

Durable & Compact

Lightweight, impact-resistant enclosure with an IP44 rating for protection against splashes and dust.

Safe & Accurate

Designed with user safety in mind, this system delivers precise results with minimal effort.

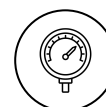

Easy Mounting

Designed for versatility, this unit easily attaches to all standard tyre changers, ensuring quick installation.

Nitrogen Compatible

Engineered for flexibility, this system is fully compatible with both air and nitrogen inflation.

Over-pressure functions

Built-in over-pressure features ensure tyres are inflated safely and accurately.

Optional Item

Core Removal Tool Faster Inflation

When used with the Core Removal Tool, it provides a faster and controlled inflation process (optional).

Technical Data

Compact Workshop Inflator

Construction

Outer Shell	High Impact Polycarbonate IP44 rating
-------------	---------------------------------------

Electrical

Power	220 ~ 240VAC (Optional 12VDC)
-------	-------------------------------

Specifications

Measurement	psi kPa
Range	5 ~ 145psi 35 ~ 1000kPa
Accuracy ±	± 0.5% Full Scale

Included Parts

	61.1303	Hose Assy Mignon Black 3m
	61.0283	Hose Assy Mignon Black 300mm w 91.0213
	61.0285	Hose Assy Mignon Black 300mm w 97.5058
	91.0213	Air Chuck Clip On Straight Open Brass 1/4" BSPF
